DO IT
TOGETHER

THE NEW CORONAVIRUS IS A VIRUS THAT CAN CAUSE FEVER, COUGH, SORE THROAT, DIFFICULTY BREATHING, PNEUMONIA. THESE EFFECTS APPEAR 2 TO 14 DAYS AFTER THE INFECTION.

**LIKE OTHER RESPIRATORY DISEASES,
ITS EFFECTS CAN BE WEAK OR SERIOUS.
IT CAN CAUSE DEATH ONLY IN A FEW CASES,
ESPECIALLY IN ELDERLY AND ILL PEOPLE.**

THE VIRUS TRANSFERS FROM ONE PERSON TO ANOTHER THROUGH SALIVA AND SMALL DROPS OF BREATH, FOR EXAMPLE WHEN AN INFECTED PERSON COUGHS, KISSES YOU OR IS VERY CLOSE TO YOU.

**WHAT DO YOU HAVE TO DO?
THE RULES ARE SIMPLE.**

IF YOU HAVE A FEVER, COUGH, SORE THROAT OR DIFFICULTY BREATHING, CALL YOUR DOCTOR OR THE FREE NUMBER **1500. DO NOT GO TO THE EMERGENCY ROOM.**

**ALWAYS COUGH INTO A TISSUE AND THROW IT AWAY IMMEDIATELY.
THEN IMMEDIATELY WASH YOUR HANDS WITH SOAP AND WATER FOR
AT LEAST ONE MINUTE.**

DO NOT TOUCH YOUR MOUTH, NOSE, AND EYES BEFORE WASHING YOUR HANDS.

STAY AT LEAST ONE METER AWAY FROM THOSE WHO COUGH, HAVE A COLD, OR HAVE A FEVER.

1 m

STAY AT HOME!

You can leave your home to:

- Go to work, with a document certifying where you work**
- Go to the nearest supermarket for food shopping**
- For health reasons**

**DO NOT BE RACIST: DISEASES ARE NOT ANYONE'S FAULT
AND DO NOT AFFECT ANY PARTICULAR HUMAN GROUP.**

WE WILL ONLY COME OUT OF THE CRISIS TOGETHER

SEND THIS INFORMATION TO YOUR FRIENDS TOO.
